

# Press Release “I Wanna Come Home”

“I Wanna Come Home” will initially be released digitally and is expected to be available for download and streaming on the most popular online services from July 8 2021.

“I Wanna Come Home” is the fourth single from a series of Country & Blues tracks that will culminate in an album releasing autumn of 2021 in which I pay tribute to my musical role models and my roots, which have enriched my musical life. Music captured my mind at a very young age and set me on the path to becoming a performing artist and, later, a hopeful composer trying to follow in the footsteps of the great masters.

I hope you like this little piece of music that has given me so much joy to create.

Music is my life and surprises me every day with new inspirations and inventions.

I would like to thank you, my family, friends, and all the musicians who have supported me through this travel. None of us got to where we are alone.

As a composer, Robert has produced music for TV and Commercials and his emotive and melodic work has been featured on Danish TV networks like DR2 and TV2, and also by several ad agencies.

## Brent Mason

Turn on the radio, and you're more than likely to hear Brent Mason playing his guitar! He is one of the most recorded guitar players ever, appearing on thousands of recordings with top Country and Pop artists plus movie soundtracks, TV shows, and commercials.

Brent was a child prodigy on the guitar from the age of five years, and after graduating from high school he headed straight to Nashville to begin his professional career. It didn't take long for his outstanding talent to be recognized; one of his first recording credits was with George Jones, and then Chet Atkins discovered him and invited him to play on his "Stay Tuned" album. Brent has never looked back, to the point where it would be easier to list the top artists he HASN'T played with than those he HAS.

His effortless ability to move between Country, Rock, Pop, Jazz, classical, Latin, Swing, Blues, and Funk has made him the guitar player of choice for artists from Alan Jackson to The Chipmunks, to David Gates, to Trace Adkins to Natalie Cole, to Randy Travis, Faith Hill, Tim McGraw, Dolly Parton, Neil Diamond, Martina McBride, George Strait, Shania Twain, Willy Nelson, Waylon Jennings and on and on. A look at his list of co-winners of the Grammy Award for "Best Country Instrumental Performance" - Brad Paisley, James Burton, Vince Gill, John Jorgenson, Albert Lee, Redd Volkaert, and Steve Wariner for the song "Cluster Pluck" - affirms Brent's place in the ranks of all-time guitar greats.

Originally signed by Mercury Records for the release of his "Hot Wired" album, Brent chose the life of an A-list session musician over the rigors of touring. He released his second album, "Smokin' Section" with his brother Randy in 2006. He has also released a number of "how-to" guitar videos, and PG Music has released a special version of its "GuitarStar" guitar instruction software program, "GuitarStar - Brent Mason Country," that is dedicated exclusively to Brent's playing.

## Mark Matejka

Mark "Sparky" Matejka is best known as a Southern Rock guitarist, but he earned his music degree from the Jazz program at North Texas State University where he studied with renowned guitar educator Jack Peterson. On graduation he moved to Nashville to launch an outstanding career where he has played with Chely Wright, The Kinleys, The Charlie Daniels Band, Sons of the Desert, Heartland, Hot Apple Pie, and the all-star Southern Rock band Triple Shot.

In 2000 Mark contributed guitar and vocals to Lynyrd Skynyrd's Christmas Time Again album. When a lead guitar slot came open with the legendary southern rockers in 2006, Mark got the call and he has been with Lynyrd Skynyrd ever since.

## Darin Favorite

Busy Nashville session man and performer Darin Favorite loves Jazz, but that hasn't kept him from establishing a solid career in Country music with artists like Abby Burke, Tracy Lawrence, Shania Twain, Patty Loveless, and as band leader for Pam Tillis.

A graduate of Blackwell Music Institute, Darin is equally at home on electric and acoustic guitars. He cites as his influences, "Pat Metheny, Lee Ritenour, Larry Carlton, Robbin Ford, My Brother Donnie, Bill Evans, Eric Johnson, Heidi Basgall, Jon Herrington, John Coltrane, Freddy Hubbard, Howard Leese, Mitch Holder, Miles Davis, Joe Pass, Hank Garland, Lenny Breau, Sid Jacobs, Tommy Emmanuel... and everyone I've played with in the last 25 years."

When not working as a Country guitar player, producer, and arranger in his hometown of Nashville, Darin enjoys playing Bebop, Swing, and Latin - especially in the Heidi and Darin Duo with his partner Heidi Basgall.

## Chris Nole

Platinum and Grammy-winning Nashville pianist and producer Chris Nole has performed across the United States and around the world, touring and recording with top recording stars including John Denver, Faith Hill, Shelby Lynne, and Travis Tritt.

Although best known as a virtuoso pianist, Chris Nole's talents also include writing, composing, recording and playing as a session musician. He has released several albums of his original compositions while continuing to work with established and emerging artists like Barry Greenfield, Christopher Westfall, Brittany Allyn, Mack Bailey, Emmy Lou Harris, Willie Nelson, Pam Tillis, Crystal Gale, Guy Clark, Gail Davies, The Jordanares, and others.
